

Product Manager Task

Task

Download and Open JD.ID Apps

1. What is Product Manager based on your own perception?
2. As A PM tell us what you like and do not like about the apps, and please explain your answer.
3. Write down features or enhancement that you could propose for the next update
4. Prioritize all the feature / enhancement that you have wrote before, and explain how you set that priority how you set one is higher than the other?
5. Choose one of the most important (High Priority) Feature or enhancement for you, and create a document to support this requirement (such as BRD (for business team) and PRD (IT Dev team))
6. Make your own data report for JD ID Use your own sample dummy data for number of transaction and GMV and add some Graph to support your report, please make it Daily, Weekly and Monthly basis. ***Choose number 1 or 2**
 1. Based on Each payment method option that available in JD.ID (Bank Transfer , Credit Card, etc.)
 2. Based on Digital Product Category that available in JD ID. (mobile topup , Flight, Credit Card Repayment, Voucher, etc.)

Feel free to use any way that you believe will best express your ideas.. Good luck!
